

PPFL

HOUSEHOLD GOODS, HEALTHCARE
AND BEAUTY PRODUCTS PACKAGING

One of Europe's leading suppliers of flexible packaging materials for the Household Goods, Healthcare and Beauty Products Industry.

The sweet smell of success should be kept in the pack for your customer - we will build a 'flexible barrier', keeping those expensive aromas in shelf-stable packaging materials for the life of your product.

The product range includes:

- Mono-films, laminates and co-extrusions for high speed, horizontal and vertical form-fill-seal lines and Multivac type machinery
- Transparent, high barrier plastic films for gas-flushing offering extended shelf-life
- Stand-up pouches with spouts and zippers
- Polyethylene bags and sacks with the unique, 'Hefty' closure
- Perforated films
- Printing in both flexo and gravure
- Films include low, medium and high density polyethylene, cast and biaxially oriented nylon, cast and oriented polyester, cast and oriented polypropylene. Barrier layers comprise of SIOX, ALOX and EVOH
- Lamination using both solvent-free and solvent based systems. Co-extrusions in up to 11 layers in gauges from 10 to 400 microns.
